Infor CloudSuite Industrial (SyteLine) by Kingslake

30 + Years of Manufacturing Expertise and Innovation

Why Our Cloud ERP Is the Smarter Choice?

Business Leaders

"The right ERP doesn't just record your business, it already understands how it runs."

- **Start with Confidence:** Deploy a solution shaped by 3 decades of real industry experience not generic best guesses.
- **Accelerate Success:** Get to value faster with workflows that already fit the way you operate.
- **Trust Your System:** Benefit from a platform proven across thousands of similar businesses.
- **Always Be Ahead:** with regular cloud updates, embedded AI, Agentic AI, intelligent workflows, and predictive analytics

IT Leaders

"Built with a robust core, so upgrades stay seamless and systems stay stable."

- **Leverage Industry Best Practices:** Built in logic gives you a robust, reliable foundation from day one.
- **Avoid Over-Customisation:** Purpose-built workflows mean less custom code.
- **Seamless, Managed Upgrades:** Stay current on a modern cloud platform, with zero disruption.
- **Extend Smartly:** Adapt and expand the system without compromising core integrity.

How SyteLine delivers lasting value

01 Predictable Cost, Right-Sized to Your Business

From \$34,999, Infor CloudSuite Industrial is tailored to your business today with clear packages to grow into tomorrow

02 Speed to Value with Rapid Deployment

Go live in as little as 3 months with SyteLine Launch to get to business value fast, without a lengthy rollout.

03 Scalability Without Rebuilding

Start with Launch, grow into Elevate and Sustain the same core system scales with you, with no costly re-implementation.

04 Continuous Innovation Powered by AI

Stay ahead with regular cloud updates, embedded AI, Agentic AI, intelligent workflows, and predictive analytics continuously enhancing your ERP without disruption to your daily operations.

05 Kingslake - More Than an Implementation Partner
